Principal's Message

It is hard to believe that February is almost over and Spring Break is almost upon us. Our focus this week has been on helping everyone re-connect to school. We recognize that as children connect and build a sense of belonging their learning grows as well! It is great to see those connections! Over the next few weeks leading up to the break, we will be working to support student learning and get us ready for the break.

Every year, Bayview is actively involved in supporting the Heart and Stroke Foundation through our participation in Jump Rope for Heart. I am excited about the opportunity to offer my support this year and get a 'pie in the face' for the cause. Thanks to our organizer, Aileen Tuck, and to our kids and community for giving so generously to Jump Rope for Heart 2021!

I wanted to take a moment to say how grateful I am to have had the opportunity to return to the District and help support this community as a teacher, Vice-Principal and as your Acting Principal for the last few weeks. It has been wonderful being a part of Bayview! Take care, stay safe and I hope to see you again soon! Hay ch q'a - Bob

School Supplies Fees: A reminder that if you have not yet paid the school supplies fee of \$30.00/student, please contact Mrs. Lennox in the office or go to <https://www.sd68.bc.ca/schoolcashionline.com/> to pay on-line.

READING

What should I do when my child reads a word wrong? This depends on the purpose. If you're reading together for enjoyment, gently and quickly correct and move on. If you are working on reading skills, make it clear that you want to help your child with their reading skills.

- If your child misses a word, ask him/her to slow down and pay attention to all the letters/sounds in that word. We want kids to read ACCURATELY.
- If your child misreads a word, wait until the end of a sentence to see if he/she realizes what they've read makes sense.
- Help your child figure out the word by sounding it out together.

For more information, visit <https://www.readingrockets.org/reading-sos-with-experts> to watch reading experts talk about how to help your child with their reading at home.

Student Learning Survey 2020/2021

The Provincial Student Learning Survey is unique in its scope, size and usefulness to schools. It gathers information from parents/guardians/caregivers, teachers and students on topics related to school environment, safety, and achievement. The information is used for planning in individual schools and provides a district and provincial perspective.

Early in 2021 the Student Learning Survey will be administered to students in grades 4 & 7, their parents/guardians/caregivers, and all school staff. We encourage parents/guardians/caregivers to participate in this survey, as the results are important in identifying and celebrating current strengths, as well as determining where the school needs to focus improvement. The surveys contain standard questions for the Province – in addition, questions from the school and/or district that focus on local conditions or issues may be included.

The survey can be completed electronically and can be accessed on the Internet at http://www.bced.gov.bc.ca/sat_survey. Any computer with an Internet connection can be used, and access to the e-survey is simple and secure. The survey can be accessed through the link with or without an anonymous logon code by selecting the school district and school name where your child attends school. Provincial, District and School Reports for previous years can be viewed at the same site under the Results section.

The e-survey site will be open until April 30th.

If you have any questions, please contact the school at (250)754-3231.

BAYVIEW ELEMENTARY SCHOOL

PLANT SALE

\$20/ Basket

2 Easy Steps!
